Directors' Report 30 June 2019

The directors present their report on National Trust of Australia (QLD) for the financial year ended 30 June 2019.

1. General Information

The financial statements cover National Trust of Australia (Queensland) Limited as an individual entity. The financial statements are presented in Australian dollars, which is National Trust of Australia (Queensland) Limited's functional and presentation currency.

National Trust of Australia (Queensland) Limited (NTAQ) is a not-for-profit unlisted public company limited by guarantee, incorporated and domiciled in Australia. Its registered office and principal place of business are:

Registered officePrincipal place of businessCurrumbin Wildlife SanctuaryCurrumbin Wildlife Sanctuary

28 Tomewin Street 28 Tomewin Street

Currumbin QLD 4223

Currumbin QLD 4223

A description of the nature of the company's operations and its principal activities are included in the directors' report, which is not part of the financial statements.

The financial statements were authorised for issue, in accordance with a resolution of Directors, on 10 October 2019.

Information on Directors

The names of each person who has been a director during the year and to the date of this report are:

Our Mission

To protect, conserve and celebrate our environmental, built and cultural heritage.

Principal Activities

During the financial year the principal continuing activities of the company were to promote and advance the conservation, protection and understanding of Australia's natural and cultural heritage, including the heritage of Australia's first peoples, for public benefit and education.

No significant changes in the nature of the Company's activity occurred during the financial year.

Long Term Objectives

The Company has adopted an updated Strategic Plan 2017-2020 with the following seven long term outcomes. National Trust of Australia (Queensland) Limited (NTAQ) will be:

- A Trusted Custodian
- A Recognised, Respected and Engaged Organisation
- A Champion for Sustainable Qld Heritage Cultural, Built and Environmental
- An Organisation of Choice for Employees and Volunteers
- A Financially Secure Independent Charity
- A leader in Cultural & Eco Tourism
- A Provider of Engaging & Memorable Learning Experiences

Strategy for Achieving the Objectives

To achieve its stated long-term outcomes the Company has adopted the following Priorities for Success:

- Partnerships and teamwork
- A strong visitor focus
- Our members, donors, volunteers, sponsors, partners, and staff
- A balance between public access and conservation
- Financial sustainability
- Environmental sustainability
- Effective governance
- Safe working environments
- Innovation and continuous improvement

Performance Measures

The company measures its own performance through the use of both quantitative and qualitative benchmarks. The benchmarks are used by the Directors to assess the financial sustainability of the company and whether the company's long-term outcomes and strategic goals are being achieved.

Directors' Report

30 June 2019

1. General information (Continued)

Members' Guarantee

National Trust of Australia (QLD) is a company limited by guarantee. In the event of being wound up, members are required to contribute a maximum of \$5 each. Honorary members are not required to contribute.

The total amount that Members of the company are liable to contribute if the company is wound up is \$55,735, based on 11,147 current members.

2. Other Items

Auditor's Independence Declaration

A copy of the auditor's independence declaration as required under section 60-40 of the Australian Charities and Not-for-profits Commission Act 2012 has been received and found on page 7.

Signed in accordance with a resolution of the Board of Directors:

Notes to the Financial Statements

For the Year Ended 30 June 2019

The financial report covers National Trust of Australia (Queensland) (NTAQ) as an individual entity. NTAQ is a not-for-profit Company limited by guarantee, incorporated on 1 July 2014 and domiciled in Australia.

1 Basis of Preparation

In the Directors opinion, the Company is not a reporting entity since there are unlikely to exist users of the financial statements who are not able to command the preparation of reports tailored so as to satisfy specifically all of their information needs. This special purpose financial report has been prepared to meet the reporting requirements of the Australian Charities and Not-for-profits Commission Act 2012.

The financial statements have been prepared in accordance with the recognition and measurement requirements of the Australian Accounting Standards and Accounting Interpretations, and the disclosure requirements of AASB 101 Presentation of Financial Statements, AASB 107 Statement of Cash Flows, AASB 108 Accounting Policies, Changes in Accounting Estimates, AASB 1048: Interpretation and Application of Standards and Errors and AASB 1054 Australian Additional Disclosures.

The significant accounting policies disclosed below are those which the directors have determined are appropriate to meet the needs of users. Such accounting policies are consistent with the previous period unless otherwise stated.

The financial statements have been prepared on an accrual basis and are based on historical cost unless otherwise stated in the notes. The material accounting policies that have been adopted in the preparation of this report are found below.

2 Summary of Significant Accounting Policies

(a) Income Tax

The Company is a charitable institution in terms of subsection 50-5 of the Income Tax Assessment Act 1997, as amended. It is exempt from income tax.

(b) Adoption of New and Revised Accounting Standards

The Company has adopted AASB 9 Financial Instruments: Recognition and Measurement. The requirements of AASB 9 represent a significant change from AASB 139 Financial Instruments: Recognition and Measurement.

The nature and effects of the key changes to the Company's accounting policies resulting from its adoption of AASB 9 are summarised below. The change in accounting policy has not had a significant impact on the Company's financial results.

Impairment - AASB 9 replaces the 'incurred loss' model in AASB 139 with an 'expected credit loss' (ECL) model. The new impairment model applies to financial assets measured at amortised cost, contract assets and debt investments at FVOCI, but not to investments in equity instruments. Under AASB 9, credit losses are recognised earlier than under AASB 139.

(c) Finance Costs

Finance cost includes all interest-related expenses, other than those arising from financial assets at fair value through profit or loss.

Finance costs are recognised as an expense in the period in which they are incurred.

(d) Goods and Services Tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payable are stated inclusive of GST.

The net amount of GST recoverable from, or payable to, the ATO is included as part of receivables or payables in the statement of financial position.

Cash flows in the statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

Notes to the Financial Statements

For the Year Ended 30 June 2019

2 Summary of Significant Accounting Policies continued

(e) Financial Instruments

With the implementation of AASB 9 Financial Instruments for the first time in 2019, the company classifies its financial assets in the following categories:

- a) financial assets at fair value through profit or loss:
- b) financial assets at fair value through other comprehensive income; and
- c) financial assets measured at amortised cost.

The classification depends on both the company's business model for managing the financial assets and contractual cash flow characteristics at the time of initial recognition. Financial assets are recognised when the entity becomes party to the contract and, as a consequence, has legal right to receive or a legal obligation to pay cash; and derecognised when the contractual rights to the cash flows from the financial asset expire or are transferred upon trade date.

AASB 9 allows an entity not to restate comparatives, the company has elected not to restate on initial application.

AASB 9 introduced new requirements for:

- a) The classification and measurement of financial assets and financial liabilities,
- b) Impairment of financial assets, and
- c) General hedge accounting.

(f) Impairment of Non-Financial Assets

At the end of each reporting period the Company determines whether there is an evidence of an impairment indicator for non-financial assets. Where an indicator exists and regardless for indefinite life intangible assets and intangible assets not yet available for use, the recoverable amount of the asset is estimated.

Where assets do not operate independently of other assets, the recoverable amount of the relevant cash-generating unit (CGU) is estimated

The recoverable amount of an asset or CGU is the higher of the fair value less costs of disposal and the value in use. Value in use is the present value of the future cash flows expected to be derived from an asset or cash-generating unit.

Where the recoverable amount is less than the carrying amount, an impairment loss is recognised in profit or loss

Reversal indicators are considered in subsequent periods for all assets which have suffered an impairment loss.

(g) Animal Collection

The animal collection managed by the Company is not included within NTAQ's assets. This is consistent with worldwide industry practice. The Directors regard the animals as part of a regional collection, and not the specific property of the Company.

(h) Employee Benefits

Provision is made for the Company's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits that are expected to be wholly settled within one year have been measured at the amounts expected to be paid when the liability is settled.

Employee benefits expected to be settled more than one year after the end of the reporting period have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wage increases and the probability that the employee may satisfy vesting requirements. Cashflows are discounted using market yields on national government bonds, with terms to maturity that match the expected timing of cashflows. Changes in the measurement of the liability are recognised in profit or loss.

Notes to the Financial Statements

For the Year Ended 30 June 2019

2 Summary of Significant Accounting Policies continued

(i) Appeal Funds

Appeal funds are brought to account when received as other financial assets and a liability recognised for the related costs for which the funds will be used.

(j) New Accounting Standards and Interpretations not yet Mandatory or Early Adopted

The AASB has issued a new standard for leases AASB 16 Leases which applies to accounting periods commencing on or after 1 January 2019. The company has done a detailed assessment of AASB 16 Leases and in accordance with the transition provisions allowable under AASB 16 if the company was to adopt the standard retrospectively with the cumulative effect of initially applying the new standard from 1 July 2019 the impact of AASB 16 Leases would not have a material impact on the company.

3 Critical Accounting Estimates and Judgments

The directors make estimates and judgements during the preparation of these financial statements regarding assumptions about current and future events affecting transactions and balances.

These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates.

The significant estimates and judgements made have been described below.

Key estimates - impairment of property, plant and equipment

The Company assesses impairment at the end of each reporting period by evaluating conditions specific to the Company that may be indicative of impairment triggers.

Key Estimates - Receivables

The receivables at reporting date have been reviewed to determine whether there is any objective evidence that any of the receivables are impaired. An impairment provision is included for any receivable where the entire balance is not considered collectible. The impairment provision is based on the best information at the reporting date.

Key Estimates - Useful life's of Assets

The company determines the estimated useful life's and related depreciation charges for its property, plant and equipment. The useful life's could change significantly as a result of technical innovations or some other event. The depreciation charge will increase where the useful life's are less than previously estimated, or non-strategic assets that have been abandoned or sold will be written off or written down.

Key Estimates - Employee Benefits Provision

Liabilities for employee benefits expected to be settled more than 12 months from the reporting date are recognised and measured at the present value of the estimated future cash flows. In determining the present value of the liability, estimates of attrition rates and pay increases through promotion and inflation have been taken into account

Accounting policy

Revenue from contracts with customers

Revenue is recognised at an amount that reflects the consideration to which the company is expected to be entitled in exchange for transferring goods or services to a customer. For each contract with a customer, the company: identifies the contract with a customer; identifies the performance obligations in the contract; determines the transaction price which takes into account estimates of variable consideration and the time value of money; allocates the transaction price to the separate performance obligations on the basis of the relative stand-alone selling price of each distinct good or service to be delivered; and recognises revenue when or as each performance obligation is satisfied in a manner that depicts the transfer to the customer of the goods or services promised

Variable consideration within the transaction price, if any, reflects concessions provided to the customer such as discounts, rebates and refunds, any potential bonuses receivable from the customer and any other contingent events. Such estimates are determined using either the 'expected value' or 'most likely amount' method. The measurement of variable consideration is subject to a constraining principle whereby revenue will only be recognised to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur. The measurement constraint continues until the uncertainty associated with the variable consideration is subsequently resolved. Amounts received that are subject to the constraining principle are initially recognised as deferred revenue in the form of a separate refund liability.

All revenue is stated net of the amount of goods and services tax (GST).

Sales Revenue

Comprises revenue earned (net of returns, discount and allowances) from the provision of products or services to customers. Sales revenue is recognised when goods are sold, or in respect of services recognised in the period in which the service is provided.

Grants and Contributions

Grants are recognised at their fair value where there is a reasonable assurance that the grant will be received and all attached conditions will be complied with.

Donations and Bequests

Recognised as revenue when the pledge is made.

Rental Revenue

Rental revenue from investment property is recognised as income on a periodic straight line basis over the lease term.

Membership Subscriptions

Revenue from all NTAQ memberships sold are recognised on a straight-line based over a twelve month validity period.

	Cash at bank and in hand	3,109,707	4,748,617
		3,190,707	4,748,617

Accounting Policy

Cash and cash equivalents comprise cash on hand, demand deposits and short-term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

9 Trade and Other Receivables

CURRENT Trade receivables	678.680	750.792
Trade receivables	670,000	750,792
Other receivables	2,291	416,600
Total current trade and other receivables	680,971	1,167,392

Accounting Policy

Trade receivables, loans and other receivables that are held for collecting contractual cash flows are subsequently measured at amortised cost using the effective interest method adjusted for any loss allowance.

Effective Interest Method

The effective interest method is a method of calculating the amortised cost of a financial asset and of allocating interest income over the relevant period. The effective interest rate that exactly discounts estimated future cash receipts through the expected life of the financial asset, or, where appropriate, a shorter period.

Impairment of Financial Assets

Trade receivables, loans and other receivables are assessed for impairment at the end of each reporting period.

If there is objective evidence that an impairment loss has been incurred for loans and receivables held at amortised cost, the amount of the loss is measured as the difference between the assets carrying amount and the recoverable amount.

Accounting Policy

12

Comprehensive valuations of Land, Buildings, Exhibits and Infrastructure at Currumbin Wildlife Sanctuary (property of Company) were performed at 30 June 2017 by APV Valuers & Asset Management based on fair value. The valuation of land was based on an analysis of comparable sales within close proximity and from neighbouring suburbs using the direct comparison approach and adjusted for zoning restrictions over the use of the land.

The valuation of Buildings, Exhibits and Infrastructure assets was based on a depreciated replacement cost value method. Revaluations as at 30 June 2019 were based on market information and indexation indices provided by APV. As a result a revaluation increment in respect of Land and revaluation decrement in respect of buildings and exhibits (refer note 22) were recorded in the asset revaluation surplus account.

In relation to NTAQ Heritage Properties under the rolling five year valuation policy, the land at Mount Isa was comprehensively valued by APV and value restated at fair value at 30 June 2019. Revaluation decrement has been recorded in asset revaluation surplus account.

Notes to the Financial Statements

For the Year Ended 30 June 2019

12 Property, Plant and Equipment (Continued)

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment.

Items of property, plant and equipment with a cost or other value equal to or in excess of the following thresholds are recognised for financial reporting purposes in the year of acquisition:

Buildings \$10,000

Infrastructure \$10,000

Heritage & cultural assets \$10,000

Land \$1

Plant and Equipment \$5,000

Other \$5,000

Items with a lesser value are expensed in the year of acquisition.

Land improvements undertaken by NTAQ are included with buildings.

Items of property, plant and equipment acquired for nil or nominal consideration have been recorded at the acquisition date fair value in accordance with AASB 116 Property, Plant and Equipment.

Where the cost model is used, the asset is carried at its cost less any accumulated depreciation and any impairment losses. Costs include purchase price, other directly attributable costs and the initial estimate of the costs of dismantling and restoring the asset, where applicable. Plant and equipment are measured at cost.

Land, buildings, exhibits and infrastructure are measured using the revaluation model are carried at fair value at the revaluation date less any subsequent accumulated depreciation and impairment losses.

It is a policy of the Directors to have a comprehensive valuation undertaken every five years using an independent valuer and desktop indices-based valuations in other years. For land, buildings, exhibits and infrastructure assets at Currumbin Wildlife Sanctuary a comprehensive valuation was done at 30 June 2017. Desktop indices-based valuations were done at 30 June 2019 except for land where a market-based approach was used. For heritage properties land and buildings fair values are determined by an independent valuer on a five-year rolling basis.

The fair values reported by NTAQ are based on appropriate valuation techniques that maximise the use of available and relevant observable inputs and minimise the use of unobservable inputs.

Where assets have not been specifically appraised in the reporting period, their previous valuations are materially kept up to date annually via the application of relevant indices. The Directors ensure that the application of such indices results in a valid estimation of the assets' fair values at reporting date. APV Valuers & Asset Management supplies the indices used for the various types of assets and provides an assurance of their robustness, validity and appropriateness for application. Such indices are either publicly available or are derived from market information available to APV.

Any accumulated depreciation at the date of the revaluation is restated proportionately with the change in the gross carrying amount of the asset so that the carrying amount of the asset after revaluation equals its revalued amount.

Any revaluation increment arising on the revaluation of an asset is credited to the asset revaluation surplus of the appropriate class, except to the extent it reverses a revaluation decrement for the class previously recognised as an expense. A decrease in the carrying amount on revaluation is charged as an expense, to the extent it exceeds the balance, if any, in the revaluation surplus relating to that asset class.

Land and buildings

Land and buildings are measured using the revaluation model.

Plant and equipment

Plant and equipment are measured using the revaluation model.

Notes to the Financial Statements

For the Year Ended 30 June 2019

12 Property, Plant and Equipment (Continued)

Heritage and Cultural assets collections

Over the years the company has collected or purchased considerable heritage collections. These collections are not recorded in the financial statements but have been independently valued and will be reviewed on a periodic basis.

Heritage collections are kept under special conditions to limit physical deterioration and they are anticipated to have a very long and indeterminate useful life.

Depreciation

Property, plant and equipment, excluding freehold land, is depreciated on a straight-line basis over the assets useful life to the Company, commencing when the asset is ready for use.

As the Heritage buildings are heritage listed, useful life for depreciation is 100 years.

Assets under construction (work-in-progress) are not depreciated until they reach service delivery capacity. Service delivery capacity relates to when construction is complete and the asset is first put to use or is installed ready for use in accordance with its intended application. These assets are then reclassified to the relevant classes within property, plant and equipment.

The estimated useful lives used for each class of depreciable asset are shown below:

Fixed asset class	Useful life
Heritage Buildings	100 years
Buildings and Exhibits	5 to 50 years
Plant and Equipment	2 to 20 years
Infrastructure Assets	10 to 50 years

At the end of each annual reporting period, the depreciation method, useful life and residual value of each asset is reviewed. Any revisions are accounted for prospectively as a change in estimate.

Accounting Policy

13

Investment property held to earn rentals and/or for capital appreciation, is initially recognised at cost including transaction costs. Where investment property is acquired at no or nominal cost it is recognised at fair value. Investment property is then subsequently carried at fair value, being revalued as at each reporting date. Fair value is based on market prices in an active property market adjusted, if necessary to reflect the nature, location or condition of the specific investment property. If there is no active market, alternative valuation methods are used, such as recent selling prices in less active markets, or discounted cash flow projections.

Gains or losses arising from changes in the fair value of investment property are included in the Statement of Comprehensive Income for the period in which they arise. Investment property is not depreciated.

Independent valuations were performed as at 30 June 2019 by qualified valuers from APV Valuers & Asset Management. The valuers are registered by the Valuers Registration Board of Queensland. The assignment of individual values to individual investment properties is based on the valuer's expertise in the type of investment property concerned, as well as with recent sales of similar properties in the same geographical location. In accordance with AASB 140 Investment Property the market conditions of the Currumbin area were assessed by APV at reporting date to determine if an adjustment was required to be fair values of the investment properties.

None of the Company's investment properties are covered by long term leases beyond 12 months.

Rental income recognised in the operating activities (note 4) from investment property is \$236,882 (2018: \$271,854).

Direct operating expenses primarily for repairs and maintenance on property that did generate rental income for the period were \$16,815 (2018: \$24,758).

The Company does not have any contractual obligations to purchase, construct or develop investment property or for repairs, maintenance or enhancements.

17 External Appeals

To promote the conservation of Queensland's heritage places the NTAQ runs public appeals known as Heritage Conservation Appeals. These appeals offer contributors the ability to claim their donations as a tax deduction.

National Trust Heritage Appeals are administered on behalf of third parties to raise funds for restoration and conservation works. Though conducted by and through the Company these appeals are in support of heritage places and items owned by other parties. For this reason, these monies are held separately by the Company.

NTAQ has always managed external tax appeals, however prior to 1 July 2018 it was deemed that, as NTAQ was not in control of the funds for the external appeals, both for donations coming in and expenditure going out, they were not previously disclosed in the financial statements. A comprehensive external review was undertaken in the 2017-18 year that led to a new system for managing appeals with NTAQ having direct control and visibility over the external appeals funds. This new system was effective from 1 July 2018 and the Company has chosen to commence disclosing funds associated with the external appeals from the 2018-19 financial year.

The amounts are set out below and are included in the financial statements of NTAQ, a liability to third parties are also included:

	(a)	Other financial assets

			105,671	95,533

19 Members' Guarantee

The Company is incorporated under the *Corporations Act 2001* and is a Company limited by guarantee. If the Company is wound up, the constitution states that each member is required to contribute a maximum of \$5 each towards meeting any outstanding and obligations of the Company. At 30 June 2019 the number of members was 11,147 (2018: 10,170).

20 Contingencies

NTAQ has established a fund with the Queensland Community Foundation (QCF) to generate future income and donations. All contributions made to this named fund within QCF are held in trust and invested in perpetuity with net income distributed to the NTAQ at the discretion of the Public Trustee in accordance with the Queensland Community Fund Declaration of Trust. \$300,000 was originally deposited into this fund and at balance date is valued at \$452,010. NTAQ does not expect this contribution to ever be realised and it has not been included as a financial asset in the Statement of Financial Position. During this financial year NTAQ earned \$15,820 (2018: \$15,344) as a return on the amount held in this fund.

No other material contingent assets or liabilities existed at the balance sheet date.

Notes to the Financial Statements

For the Year Ended 30 June 2019

21 Related Parties

(a) The Company's main related parties are as follows:

The Currumbin Wildlife Hospital Foundation Trust created in November 2010 under a Trust Deed is a public charitable trust with its own separate Board of Trustees. Its main purpose is to raise awareness of the Currumbin Sanctuary Wildlife Hospital and increase the level of donations and sponsorships from the public and corporate community. Distributions from the Foundation are made periodically to the CWS Hospital to offset the operating expenses of the hospital that are held in the accounts of the company.

22 Asset Revaluation Surplus by Class

- increase/(decrease) in provisions	86,915	158,347
Cashflows from operations	4,836,772	3,646,187

Notes to the Financial Statements For the Year Ended 30 June 2019

24 Events After the End of the Reporting Period

The financial report was authorised for issue on 10th October 2019 by the Board of Directors.

No matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the Company, the results of those operations or the state of affairs of the Company in future financial years.

25 Prior Period Error

During the process of management reviewing the independent valuation report provided by APV Valuers and Asset Management for the year ended 30 June 2019 it was identified that a Building asset had been left out of the detailed valuation asset register.

When further investigation was undertaken it was identified that this asset had been left out of the previous detailed comprehensive valuation conducted at 30 June 2017. The omission of the building in the 2017 valuation represents a prior period error which must be corrected retrospectively in the financial statements of the Company. Consequently, the Company has adjusted the comparatives presented that were affected by the error.

(a) The aggregate effect of the error on the annual financial statements for the year ended 30 June 2017 is as follows:

	Previously stated \$	1 July 2017 Adjustment s \$	Restated \$
Statement of Financial Position			
Buildings at fair value	32,817,498	4,648,000	37,465,498
Buildings accumulated Depreciation	(10,760,160)	(1,249,397)	(12,009,557)
Buildings & Exhibits Asset revaluation surplus	(11,038,692)	(3,398,603)	(14,437,295)
Net Assets	56,713,561	3,398,603	60,112,164

Note that the correction of the error is applied in in the prior period comparative amounts, the current year's profit is therefore unaffected by the correction of the prior period error.

Directors' Declaration

The directors have determined that the Company is not a reporting entity and that these special purpose financial statements should be prepared in accordance with the accounting policies described in Note 2 of the financial statements.

The directors of the Company declare that:

- 1. The financial statements and notes, as set out on pages 8 to 28, are in accordance with the Corporations Act 2001 and:
 - (a) comply with Australian Accounting Standards as stated in Note 1; and
 - (b) give a true and fair view of the financial position as at 30 June 2019 and of the performance for the year ended on that date of is in accordance with the accounting policy described from Note 2 of the financial statements.
- 2. In the directors' opinion, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

National Trust of Australia (QLD) Limited

Independent Audit Report

To the Members of National Trust of Australia (QLD) Limited

Report on the Audit of the Financial Report

Opinion

We have audited the special purpose financial report (the financial report) of National Trust of Australia (QLD) Limited (the Company), which comprises the statement of financial position as at 30June 2019, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration

In our opinion, the accompanying financial report of the Company is in accordance with the Division 60 of the *Australian Charities and Not-for-profits Commission Act 2012* (the ACNC Act), including:

- (a) Giving a true and fair view of the Company's financial position as at 30 June 2019 and of its financial performance for the year then ended.
- (b) Complying with Australian Accounting Standards to the extent described in Note 1, and Division 60 of the *Australian Charities and Not-for-profits Commission Regulation 2013*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the Company's financial reporting responsibilities under the ACNC Act. As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

The title 'Partner' conveys that the person is a senior member within their respective division and is among the group of persons who hold an equity interest (shareholder) in its parent entity, Findex Group Limited. The only professional service offering which is conducted by a partnership is the Crowe Australasia external audit division. All other professional services offered by Findex Group Limited are conducted by a privately-owned organisation and/or its subsidiaries.

Findex (Aust) Pty Ltd, trading as Crowe Australasia is a member of Crowe Global, a Swiss verein. Each member firm of Crowe Global is a separate and independent legal entity. Findex (Aust) Pty Ltd and its affiliates are not responsible or liable for any acts or omissions of Crowe Global or any other member of Crowe Global. Crowe Global does not render any professional services and does not have an ownership or partnership interest in Findex (Aust) Pty Ltd. Services are provided by Crowe Audit Australia, an affiliate of Findex (Aust) Pty Ltd. Liability limited by a scheme approved under Professional Standards Legislation.

Matter Relating to Electronic Presentation of the Audited Financial Report

This auditor's report relates to the financial report of National Trust of Australia (Queensland) Limited for the year ended 30 June 2019. Where the financial report is included on National Trust of Australia (Queensland) Limited's website, the company is responsible for the integrity of National Trust of Australia (Queensland) Limited's website and we have not been engaged to report on the integrity of National Trust of Australia (Queensland) Limited's website. The auditor's report refers only to the subject matter described above. It does not provide an opinion on any other information which may have been hyperlinked to/from these statements or otherwise included with the financial report. If users of the financial report are concerned with the inherent risks arising from publication on a website, they are advised to refer to the hard copy of the audited financial report to confirm the information contained in this website version of the financial report.

These matters also relate to the presentation of the audited financial report in other electronic media including CD Rom.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the Company's annual report for the year ended 30 June 2019, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The Directors of the Company are responsible for the preparation of the financial report that gives a true and fair view and have determined that the basis of preparation described in Note 1 to the financial report is appropriate to meet the requirements of the ACNC Act and the needs of the members.

The Directors responsibility also includes such internal control as the directors determines is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
 are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness
 of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during the audit.

Logan Meehan
